1. Accomplished: connected UNC Mark Fetrewicz with the available space formerly occupied by Sommerfield Gallery for a end of year student portfolio review.
2. Ongoing research: Painted Mug space will rent for \$900/month. Discussion about making this space available to potters and art center HQ possibilities. Aims (Heather) has interest in sharing class room time at this location.
3. Suggestions about making a field trip to successful Ft. Collins pottery venue downtown for research.
4. Continued discussion about public forum idea. It was decided that a public forum was too inhibiting and that an "Arts Informance" conference might be a better tack. Topics would include but are not limited to "mobilizing business, public, and government to support art", The City Council would be invited for this 3 hour conference. Mark Breimhorst will talk with Roy Otto and Ken D'Amato to see if this would be something with which they would participate.

  - CCA public art Jil Rosentrator
  - Barbara Neal Stapleton Art project – [barbaraneal@mindspring.com](mailto:barbaraneal@mindspring.com)
